Experience

I have 4 years of hands-on experience in the electrical repair and maintenance field, including 2 years of practical training followed by 2 years of managing my own electrical repair business. During this period, I specialized in motor rewinding, ceiling fan rewinding, and power tools repairing. I developed strong technical troubleshooting skills, performed accurate fault diagnosis, ensured high-quality repair work, and provided reliable customer service. This experience strengthened my problem-solving abilities, attention to detail, time management, and professionalism. I have since transitioned into the Digital Marketing field to pursue my passion for technology and online business growth while applying the discipline and work ethic gained from my previous career.
